pdf

1 AN ACT *to amend* 115.88 (1) of the statutes; **relating to:** substitute special
2 education teachers.

Analysis by the Legislative Reference Bureau

Under current law, a school district receives state special education aid for the costs of contracting with a public or private agency for physical or occupational therapy services and for a variety of other services, including educational interpreters, pupil transition services, and any services approved by the state superintendent of public instruction. This bill explicitly authorizes a school district to contract with substitute teaching staffing services and makes the costs of such a contract eligible for special education aid.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 115.88 (1) of the statutes is amended to read:

4 115.88 (1) PERSONNEL. A school board, board of control of a cooperative
5 educational service agency or, upon authorization of the county board, a county
6 children with disabilities education board may employ, for a special education

1 program, either full-time or part-time licensed teachers, licensed coordinators of
2 special education, school nurses, licensed school social workers, licensed school
3 psychologists, licensed school counselors, paraprofessionals, licensed consulting
4 teachers to work with any teacher of regular education programs who has a child
5 with a disability in a class and any other personnel approved by the department. The
6 board may contract with substitute teaching staffing services and with private or
7 public agencies for physical or occupational therapy services, orientation and
8 mobility training services, educational interpreter services, educational audiology,
9 speech and language therapy, pupil transition services for eligible pupils who are 18
10 to 21 years old, or any service approved by the state superintendent, on the basis of
11 demonstrated need. A school board may contract with a charter school to provide
12 special education services to pupils attending the charter school if the charter school
13 is under contract with the school board under s. 118.40 (2m) and the charter school
14 is not an instrumentality of the school district.
